In this programme I return to my favourite music! The concert will take us on a journey through Spanish and South American music and will include beautifully passionate and rhythmical songs by Rodrigo, Guridi, Gardel, Ginastera and others. There will be a variety of different styles: Spanish art songs of the 20th century, folksongs, rarely performed Sephardic music from the 16th century, a Zarzuela, and songs from Argentina and Brazil inspired by native music.
